

Unfold your potential with Galaxy Z Fold3 5G

A Day in a Life of a Financial Consultant

A person with dark hair and glasses, wearing a brown coat, is seen from behind, looking out over a dense city skyline at dusk or dawn. The skyline is framed by a large, black, rounded rectangular border that mimics the shape of a smartphone. The text "UNFOLD YOUR DAY AT HOME" is centered within this frame.

UNFOLD YOUR DAY
AT HOME

UNINTERRUPTED MAIN SCREEN • FLEX MODE • GALAXY ECOSYSTEM
COMFORTABLE ONE-HANDED USE • NEW NOTE-TAKING EXPERIENCE

Getting a head start on the day

Under Display Camera, Comfortable one-handed use

8:00 AM

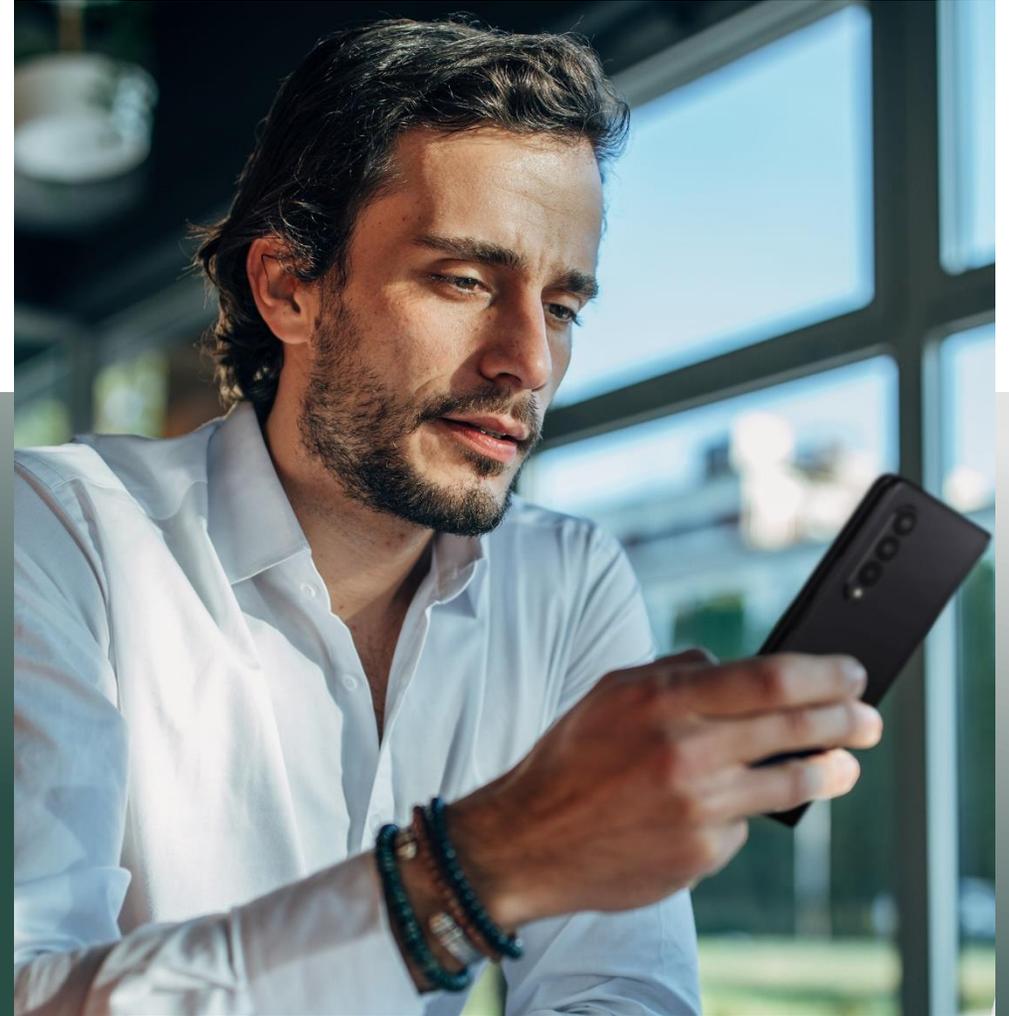

Ryan is a financial consultant. It's important for him to stay organized and connected at any time.

While enjoying his breakfast he uses the cover screen on the Galaxy Z Fold3 5G to catch up on news and notifications to see what he missed while sleeping.

With its light and slim design, combined with the super smooth 120Hz on the cover screen, the Galaxy Z Fold3 5G is comfortable for the classic one-handed use.

To get a bigger view, Ryan simply unfolds the device. The Galaxy Z Fold3 5G is the first foldable which comes with an under display camera, providing an uninterrupted screen. With the 7.6-inch display¹ that is all screen, Ryan can enjoy an immersive viewing experience.

The screen is perfect for everything from reading emails to watching the morning news.

New way of connecting with the team

Flex mode, S Pen, Microsoft Teams integration

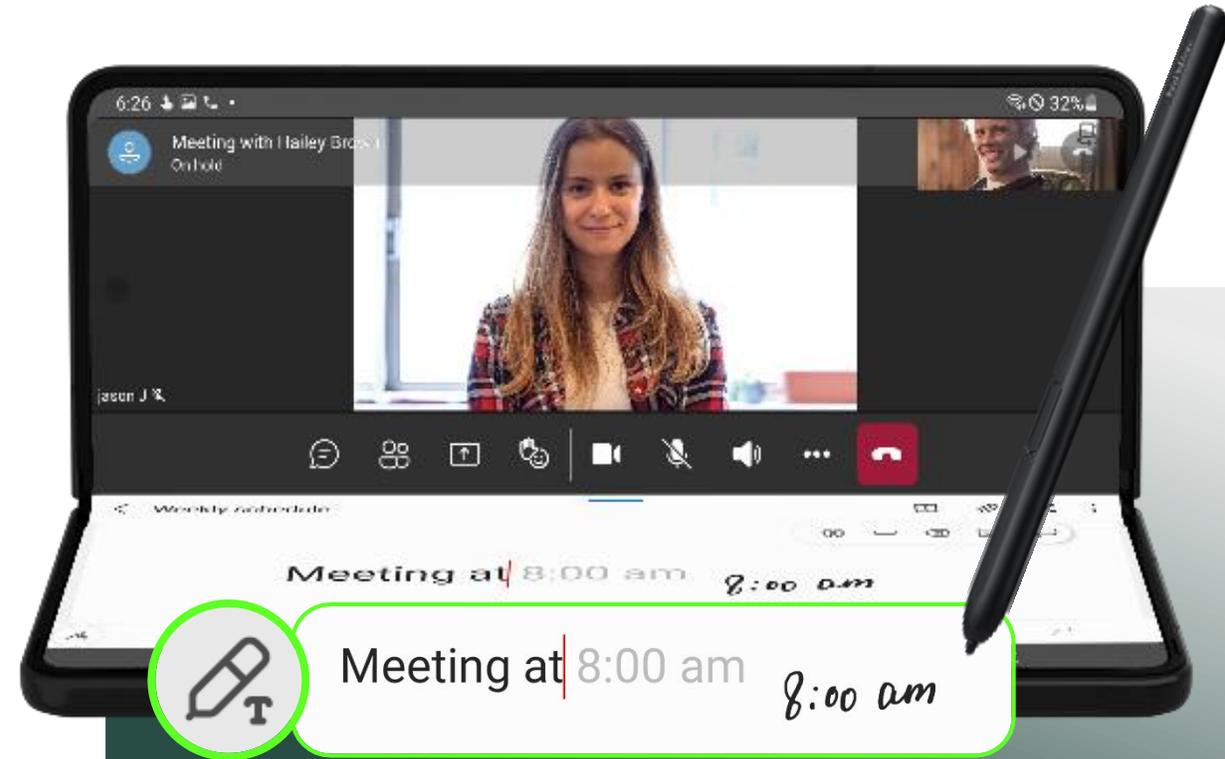

9:00 AM

Ryan's busy day starts with a productive team call. Whilst finishing his cup of morning coffee he uses his Galaxy Z Fold3 5G in [flex mode](#)², making the [hands-free video conference call](#) with his team a breeze.

With its 4MP front camera, he'll always come through crystal clear on the other end of the call.

During the team call Ryan uses the [S Pen](#)³ to jot down some information. He double-taps on the lower screen to open Samsung Notes. Ryan uses [S Pen to text](#) to convert his handwriting.

Ryan and his team brainstorm on some ideas during the call. With the Galaxy Z Fold3 5G, Ryan is able to write on Whiteboard in the Microsoft Teams app⁴ with the S Pen and [share his ideas in real time while on the video call](#).

Enrich your work life and keep an eye on your health

Galaxy Ecosystem

10:30 AM

Ryan is preparing to run his first half marathon soon, so he made it a daily routine to monitor his health and fitness.

He steps out to his balcony to get some fresh air. Within 15 seconds with a single touch on his Galaxy Watch4, Ryan gets a clear picture of his body composition⁵. He also uses the watch to track, analyze and score his sleep quality...and snores⁶.

With the Galaxy Watch4 and his favorite fitness app he also keeps track of his training progress.

Whilst checking on his health data Ryan receives a call from a customer. He connects quickly to his Galaxy Buds2. Thanks to the curved design neutralizing the wind and the machine learning based noise reduction solution, Ryan has a clear sound even outside on his balcony.

UNFOLD PROTECTION ON THE MOVE

Security everywhere, anytime

Secured
by Knox

KNOX SECURITY • MULTITASKING • WATER RESISTANT

PC-like multitasking on the go

Multi Active Window, App optimization, Edge Panel, Screen transition

11:00 AM

Ryan is on his way to his lunch meeting with his colleague. He receives an email, which he views on the cover screen. Once he is in the taxi he unfolds his Galaxy Z Fold3 5G. Thanks to the [seamless screen transition](#) he continues to read the email on the larger screen.

He uses his travel time to edit the presentation for the meeting this afternoon. Ryan easily creates his [Multi Active Windows](#)⁷ by dragging and dropping the apps from the [Edge Panel](#). Ryan [resizes the different windows](#) and uses up to three apps at once in the split screen view⁸. He saves this App pairing to his Edge Panel, so the next time he can launch them with one tap.

Ryan enjoys working on his Galaxy Z Fold3 5G on the go, as his favorite [apps](#) have been [optimized for the Galaxy Z Fold3 5G](#)⁹. He uses the drag and drop functionality to move the latest chart to the presentation.

Thanks to the enhanced multi-tasking features, he gets his work done faster and stress-free.

Down to business even in tough environment

IPX8 water resistant, Enhanced durability

12:00 PM

The moment Ryan steps out of the taxi it starts raining. But nothing to worry about. The Galaxy Z Fold3 5G is the world's first water resistant foldable smartphone. Some rain drops won't stop Ryan.

Thanks to the enhanced durability he uses his work device on the move, without worrying about damages or weather conditions.

The Galaxy Z Fold3 5G is designed to scratch less, last longer and shatter expectations.

The Galaxy Z Fold3 5G's compact folding form with [IPX8 water-resistance¹⁰](#), [Gorilla Glass Victus](#) and [Armor Aluminum](#) means Ryan can take it with him whenever, wherever he wants.

Unfold a new level of security

Samsung Knox Security, Samsung Knox Suite

1:00 PM

During their lunch in the café, Ryan and his colleague go through the customer presentation and confidential information. Ryan saves important work documents on his phone.

He is aware of the recent increase in cyber threats and the need to protect the companies' and customers' data at all times. But with the Galaxy Z Fold3 5G as his work device, worry-free peace of mind is automatically included, without compromising the flow of work.

Samsung Knox, the defense-grade security is built into the hardware. It ensures that his device is always protected and uncompromised. Advanced real-time protection addresses today's most demanding security challenges.

Ryan also knows that his company's IT team is using Knox Suite¹¹ to manage and keep an eye on the device integrity. So he can focus on his work, no matter what.

UNFOLD INTERACTIVITY ANYWHERE

**HYPERFAST 5G . SAMSUNG DEX . POWERFUL PROCESSOR
NEW S PEN FOR FOLDABLE . ALL-DAY BATTERY . LINK TO WINDOWS**

Presentations in the palm of your hand

Wireless DeX, HyperFast 5G, 5nm AP, 12GB RAM, Storage capacity

2:00 PM

Ryan arrives at the customer and gets ready for the presentation. He does not need to haul around a heavy laptop and cables. With the Galaxy Z Fold3 5G, Ryan can do it all from the palm of his hand.

Using [Samsung DeX¹²](#), he connects his Galaxy Z Fold3 5G wirelessly to the smart TV to display the presentation. Ryan controls the slides from his Galaxy Z Fold3 5G and at the same time he can also take notes on it.

During the presentation, questions arise. Ryan downloads additional financial data to respond to the customer's inquiries.

[HyperFast 5G¹³](#), paired with the [fastest chip](#) now on Galaxy Z (5nm Processor and 12GB RAM) means that he can download massive files in a flash, wherever he is, even outside of Wi-Fi.

With [storage up to 512GB¹⁴](#), there is plenty of space in the Galaxy Z Fold3 5G, so Ryan does not need to delete any important documents, even if there are a lot.

Make the most of every opportunity

S Pen, Samsung Secure Folder, 5G

3:00 PM

The presentation was a success. The customer wants to sign the contract. Ryan uses the Galaxy Z Fold3 main screen to explain the terms and conditions. With the expansive 7.6 inch screen¹ in tablet mode, it's easy for the customer to review the contract.

Once the customer agrees he signs the contract on the Galaxy Z Fold3 screen, using the [S Pen](#)³. The [digital signature](#) is convenient and enables Ryan to go paperless.

Ryan stores the signed contract in his [Secure Folder](#) on his Galaxy Z Fold3 5G. Apps and data in the Secure Folder are separated and encrypted leveraging the Knox Platform, providing an additional layer of security and privacy, thus further protecting them from malicious attacks.

Ryan also shares the signed contract with the accounting team securely and fast via the secure [5G](#)¹³.

Keep the momentum going

Quick sync of Samsung notes and reminder app, Link to Windows, All-day battery

4:00 PM

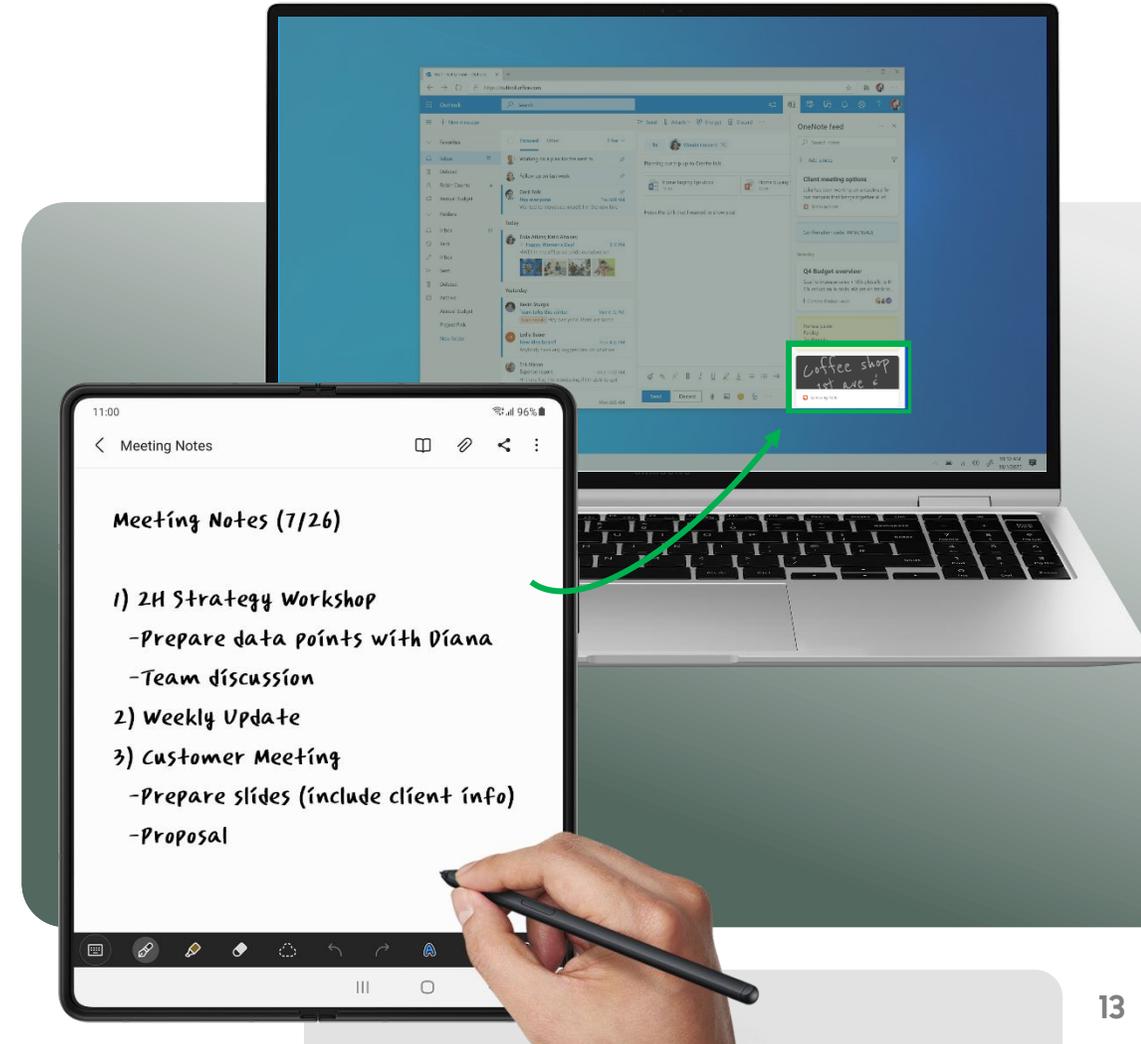

Once in the office, Ryan's notes in the Samsung Notes app are **automatically synced** with Microsoft OneNote on the PC. Ryan can edit them in the PC. All of his tasks and details of the reminder app are also automatically synced with his Microsoft Outlook.

Whilst working on his PC, Ryan uses **Link to Windows** (also known as Microsoft Your Phone). He manages his Galaxy Z Fold3 5G notifications directly from his PC, so he can stay focused and get the work done.

With Link to Windows, Ryan sends a text message to his team directly from his PC, inviting them to celebrate the win with some drinks later today.

With the powerful **all-day battery life**¹⁵, Ryan gets through his busy working day with a single charge.

However as he anticipates to have a long night of celebrations, Ryan quickly charges his Galaxy Z Fold3 5G with **25W Fast Charging**¹⁶ so he does not have to worry about the next recharge.

CAPTURE THE WORLD DIFFERENTLY

HANDS-FREE CAPTURE • AUTO FRAMING • CAPTURE VIEW

New perspective on how you capture the best moments

Auto Framing, Capture View Mode

5:00 PM

Ryan celebrates the successful client presentation and deal with the team. They wind down with some drinks on the terrace. Ryan uses his Galaxy Z Fold3 5G in flex mode to take pictures of the evening.

He wants to make sure that everyone is in the frame. [Auto framing](#) allows Ryan to take a picture in any angle and make sure he and his team are within the frame.

With [Capture View](#)¹⁷, Ryan can capture and review the photos and instantly share them with his colleagues.

A long and productive day comes to an end.

The Galaxy Z Fold3 5G empowers Ryan to open up a new world of mobile productivity throughout the day. It provides him with greater flexibility and more space to get work done - his way.

Unfold your Business. Your way.

Appendix

*All specifications and descriptions provided herein may be different from the actual specifications and descriptions for the product. Samsung reserves the right to make changes to this document and the product described herein, at anytime, without obligation on Samsung to provide notification of such change. All functionality, features, specifications, GUI and other product information provided in this document including, but not limited to, the benefits, design, pricing, components, performance, availability, and capabilities of the product are subject to change without notice or obligation. The contents within the screen are simulated images and are for demonstration purposes only.

¹ Measured diagonally, Galaxy Z Fold3 5G's main screen size is 7.6" in the full rectangle and 7.4" with accounting for the rounded corners; actual viewable area is less due to the rounded corners."

² Flex mode supported at angles between 75°and 115°. For your convenience, It may be difficult to maintain Flex mode while moving due to shaking or other movement. It is recommended to keep the phone stationary while in Flex mode.

³ S Pen Pro and S Pen Fold Edition sold separately. Only use the Samsung S Pen Pro or the S Pen Fold Edition designed exclusively for Galaxy Z Fold 3. All other S Pens or stylus pens not designed for Galaxy Z Fold 3 (including those by other manufacturers) may damage the screen.
